

Globally Interoperable Solutions for Smart City, 5G, AI, Metaverse

oneM2M International Workshop oneM2M智慧聯網國際研討會

Greeting Message

M2M/IoT technologies as one of the key ICT technologies has been evolved and adopted to Smart City, 5G, AI and Metaverse. For business, especially, globally interoperable solutions are so important to market success. In this international workshop, we will get insights about IoT global standard "oneM2M" on what it is and where it has been deployed in different domains. In Taiwan, there are many institutes and companies working on the area, so those solutions will be presented and discuss how international IoT standard can help Taiwanese Smart City, 5G, AI and Metaverse solutions and market growth.

活動日期	2023/10/25(三) 13:00~17:00
活動地點	資策會科技服務大樓14F創新廳(台北市民生東路四段133號14樓)
主辦單位	KETI, ETSI, TTA, III, ITRI, TAICS, TEEMA, CIAT
聯絡窗口	(02)2356-7698#601黃小姐, #605朱小姐
報名限制	200人
報名起迄	2023/10/11 12:00:00~2023/10/23 00:00:00
活動費用	免費
報名狀態	報名中

KETI(Korea Electronics Technology Institute) / ETSI(European Telecommunications Standards Institute) / TTA(Telecommunication Technology Association) / III(Institute for Information Industry) / ITRI(Industrial Technology Research Institute) / TAICS(Taiwan Association of Information and Communication Standards) / TEEMA(Taiwan Electrical and Electronic Manufacturers' Association) / CIAT(Cloud Computing and IoT Association in Taiwan)

	Program
	Welcoming Remarks
13:00 – 13:30	<ul style="list-style-type: none">- ETSI (Luis Romero, France, ETSI Secretary General)- Deutsche Telekom (Roland Hechwartner, oneM2M TP Chairman)- KETI (JaeJin Ko, Vice President)- TTA (Kyoung Cheol Koo, Director)- TAICS (Sheng-Lin Chou, Secretary General)
	oneM2M session
